## ANNOUNCEMENT

There is an increased demand for "Fac-simile Typewritten Letters" for advertising purposes. We have a machine that produces exact duplicates of a Typewritten Letter, and are in a position to furnish this work very promptly and at reasonable prices.

This method is one of the best means of reaching a prospective customer. It saves the expense of a traveling salesman and the personal "Typewritten" letter through the mails will reach the customer, where in many cases the salesman would not be able to gain an interview. This sheet is produced on the above mentioned machine.

We also make a specialty of furnishing up-to-date trade and mailing lists of any and all trades and professions throughout the country. We have in our office one of the largest files of directories in the world, placing us in a position to furnish authentic lists at reasonable prices.

We do all classes of circular work, such as addressing envelopes, cards, postals, wrappers, Wedding and Society Invitations, Announcements, etc. Also folding and inserting circular matter, stamping envelopes and mailing them, making it very convenient for the advertiser and saving him considerable time and money, with the assurance that it is properly done.

BLACKSTONE LIBRARY.

The above cut represents the Blackstone Memorial Library. It was presented to the town of Branford by Timothy B. Blackstone, of Chicago, as a memorial of his father, James Blackstone, who was an honored and life-long resident of Branford. Although some project of the kind had been often talked of in Branford, its first real inception dates from the efforts of Rev. M. K. Bailey, then rector of Trinity Church, to found a reading room or center for the younger men of the town to assemble. This project meeting with but slow financial response, a committee was formed, consisting of Alfred E. Hammer, Lester J. Nichols and Dr. C.W. Gaylord, to confer personally or by letter with several who having gone out from Branford might still have an interest in their native town. Out of these inquiries developed the offer of a gift to the town of a free library building and library. It was opened for use in 1896.

The building is 162 feet long by 129 feet wide and consists of two stories and basement. In the basement are the books least used, a store room, and the boiler room. On the first floor are the reading, reference, catalogue, and librarian's rooms, a stack room with shelves for 20,000 books, and a lecture hall with stage and gallery. On the second floor are the directors,' retiring, and art rooms.

The reading and reference rooms are liberally supplied with the best literature of the day, and their use, together with that of the library, free to all inhabitants of Branford.

A branch library and delivery station was opened at Stony Creek, February 3, 1900.

Librarian, Prof. H. M. Whitney; Assistant Librarian, Mrs. H. E. Palmer; Assistant, Miss B. R. Gaylord; at Stony Creek, Miss M. H. Smith.
